

The Adventures of **LITTLE ROOTS**

1

The Mystery Map

One sunny morning, four friends were at their camp, ready for a day of adventure.

As they packed their bags, they found a mysterious map lying on a rock!

*"Follow the kindness trail
and a wonderful surprise awaits!"*

The friends were excited! They looked at each other and smiled. It was time to explore, help others, have fun and see where the kindness trail would take them!

The Little Giraffe

Along the trail, the friends found a little giraffe whose favourite leafy branch was stuck high in the tree. She looked sad.

“Let’s help!” said the friends.

Working together, they found a way to pull the branch down. The giraffe was so happy!

As a thank you, she showed them a special trail marker pointing to their next clue.

A little kindness goes a long way!

Kindness leads to amazing places!

3 The Muddy Zebra

Near the watering hole, the friends found a young zebra stuck in thick mud. It tried to get out but kept slipping.

The friends didn't give up. They worked as a team and pulled together... Splash! Splash! With lots of effort and laughter, they helped the zebra out. The zebra was so happy!

Under the mud, they found their next clue!

Sharing With the Monkeys

After a long walk, the friends stopped for a snack. Some hungry little monkeys appeared, looking curious and a bit shy.

Instead of keeping the fruit to themselves, the friends shared their snacks. The monkeys were so grateful!

They chattered happily and led the friends to a hidden path behind the trees.

Kindness

The Surprise

At the end of the trail, the friends expected a chest full of treasure. But when they reached the clearing, they gasped...

All the animals they had helped were there! The giraffe, the zebra and the monkeys were waiting with a big surprise — a friendship celebration!

There were fruits, flowers, music and a bright banner that read...

The Greatest Treasure

As the sun began to set, the friends, their new animal friends and all the memories they made, celebrated together. They laughed, danced and enjoyed the beautiful day.

The friends realized the real treasure wasn't in a chest... it was the kindness they showed, the friends they made, and the joy of helping others.

Kindness made their adventure special —
and it can make the world brighter
for everyone!
